AUGUST 2013

Monthly Premiums are MGIC's most widely used option. Borrowers pay the premium as part of their monthly mortgage payment. A no-premium-due-at-closing option (ZOMPI) reduces closing costs.

Rate tables provide annualized rates for these plans. To determine the monthly premium, multiply the applicable premium rate by the loan amount and divide by 12. Round to the nearest cent.

When Monthly Premiums are cancelled, the monthly mortgage payment is reduced by the amount of the MI premium.

LOAN PROGRAM CATEGORIES

Fixed Rate applies to loans with level or declining payments for the first five years. It does not include loans with buydowns or rate concessions.

Nonfixed Rate applies to loans with actual or potential payment changes during the first five years.

Loans featuring potential negative amortization are not eligible for MGIC mortgage insurance.

RATE SELECTION

30-Year Rates apply to loans with an amortization period greater than 25 years and not more than 40 years.

25-Year & Under Rates apply to loans with an amortization period of 25 or fewer years.

Select LTV category based on first lien only.

Rates may vary from state to state. Select rates based upon property location. New York has special requirements for the use of credit scoring.

CLASS SELECTION

Credit-tiered rates are divided into four class levels and are based on the borrower(s) credit profile.

Loans without valid credit scores or no credit scores that otherwise meet MGIC's nontraditional credit requirements receive Class 4 rates.

Loans with a DU® or LP® response other than Approve or Accept receive Class 4 rates.

MONTHLY/ZOMPI PREMIUMS

No premium is due at closing. Billing is deferred until the first full month after closing. Payment is due the following month. This billing process continues until the insurance is cancelled.

RENEWAL OPTIONS

Constant Renewal Rates are applied to the original insured loan balance. The rate for years 2 through 10 is the same as the first-year rate. For years 11 through term, the premium rate is reduced to .20% or remains the same if the rate before this reduction is less than .20%.

Declining Renewal Rates are applied to the outstanding insured loan balance. The rate for years 2 through term is the same as the first-year rate. The loan balance is adjusted annually on the anniversary of the certificate.

REFUND OPTIONS

Rate tables provide nonrefundable rates. No premium is refunded unless coverage is cancelled or terminated under the Homeowners Protection Act of 1998.

If a refundable option is selected, refunds are prorated.

UNDERWRITING NOTES
